

# Candy Priano

## *A Storyteller with a Purpose*

Candy's story is one that lingers long after the telling, a powerful narrative that brings to life the stark realities of vehicular police pursuits. Through her compelling presentations, she takes your group on a journey to understand the profound impact these pursuits have on innocent bystanders.

Her words vividly portray the inherent risks, sudden tragedies, and the enduring pain that crashes involving police in pursuit of nonviolent offenders or responding to calls can inflict. She humanizes the statistics, revealing the faces and lives behind the numbers.

### *Illuminate the Inherent Risks*

Candy addresses the often-overlooked dangers faced by both innocent bystanders and police officers. Her presentations are a call to awareness, highlighting the urgent need for a deeper understanding of these risks. She sheds light on the critical balance between law enforcement duties and public safety, urging a re-evaluation of policies and practices.

Invite Candy to speak in person or via Zoom. Let her story resonate within your group, fostering empathy, awareness, and a collective drive for change. Witness the power of storytelling to transform perspectives and inspire action.
